Stringent Rules With Heavy Penalties for Violations by Packing Concerns.

SMALL BUTCHERS ARE EXEMPT.

Washington, June 14.—The house committee on agriculture agreed on the meat inspection amendment to the agricultural appropriation bill at 6:30 last night. It places the cost of the inspection on the government and makes automatic the appropriation of \$2,000 a year to pay the cost.

A violation of any of the provisions or regulations is made a misdemeanor punishable by a fine not to exceed \$10,000 or imprisonment not to exceed two years.

A party of railroad men were seining in Clark's river. They were in shallow water and Robertson held one end of the net. He went over into a "step off" and was in ten feet of water before he could cry for help. In his surprise he let loose the seine.
